

STEPHANIE SHAW

Portsmouth, NH ▪ (607) 373-0127 ▪ StephanieShaw333@gmail.com

Salesforce Technical Architect and AI strategist with 15 years of experience designing enterprise data, analytics, and AI solutions. Unique background spanning architecture, presales engineering, and product content development enables translation of complex technology into real business value. Trusted advisor to global partners and enterprise customers on Data Cloud, Agentforce, and agentic AI strategy.

SUMMARY

- Skilled in analyzing, designing, and optimizing business solutions through technology, bolstered by a unique customer-facing background as Solution Engineer (presales) and Solution Architect (post-sales).
- Well-versed in Salesforce's suite of products, with 15 actively maintained certifications, and experience across multiple industries including financial services, healthcare, manufacturing, media, transportation, and consumer goods.
- Demonstrated success in learning new technology and extensive experience working directly with customers, from executives to developers.
- Known for passion, leadership, and integrity; trusted to mentor others and handle special projects requiring expertise in the areas of:

▪ *Research & Analytics* ▪ *Consulting & Architecture* ▪ *Presales Engineering* ▪ *AI Product Content* ▪ *AI Strategic Architecture*

Selected Impact

- Architect enterprise **Agentforce and Data Cloud solution patterns** with global consulting partners including Deloitte, Bain, and Atrium
- Co-developed partner assets that contributed directly to **enterprise deal wins** and repeatable AI go-to-market patterns
- Ranked **#1 for deal contributions** among Analytics Solution Engineers
- Developed AI and analytics content used by **Salesforce teams and customers globally**

PROFESSIONAL EXPERIENCE

Salesforce | San Francisco, CA

2016 – Present

Salesforce is a global leader in cloud technology, known for its CRM platform and enterprise applications including analytics and AI. I began implementing analytics in customer orgs, then moved to selling analytics and AI, and later documenting it with product teams. As the platform evolved to include AI and machine learning, I intentionally deepened my expertise to help customers apply these capabilities in practice.

Senior Technical Architect | Data and AI Solutions | Alliances

2024 – Present

- Architect enterprise **agentic AI solution patterns** with global partners (Deloitte, Bain, BCG) to accelerate customer adoption of Salesforce Data Cloud and Agentforce.
- Co-develop partner solutions that contributed directly to enterprise deal wins and established repeatable AI go-to-market patterns.
- Serve as a **strategic AI advisor** to partner leadership, translating emerging capabilities (LLMs, agents, data architecture) into scalable implementation patterns.

Lead Technical Writer | AI/ML & Ethics, Privacy, & Consent | Content

2021 – 2024

- Developed and managed content strategy on AI, Einstein Studio, and Ethics, Privacy, and Consent in Data Cloud
- Created comprehensive documentation (in-app text, help docs, video scripts, release notes, error messages, Trailhead modules)
- Collaborated with AI development teams to support product design for clear, accurate, user content
- Delivered thought leadership and presentations across multiple teams—including SVP leadership—translating AI capabilities for both technical and non-technical audiences.
- Self-driven learner, nominated as TMP All-Star

Principal Solution Engineer | Analytics & AI | Financial Services | Sales

2018 - 2021

- Ranked **#1** for deal contributions, and in top 50% for deal amount, among Analytics SEs
- Recognized as FY22 Global Analytics SE of Year and FY20 Rookie of Quarter
- Led end-to-end demonstrations—from assessing customer needs to building custom demo environments and delivering tailored presentations that showcased product capabilities and best practices
- Collaborated with sales and account teams on customer strategy and fit
- Trusted advisor to customers, delivering tailored demos that win, supporting 4-6 Account Executives

Solution Architect | Customer Success Group | Professional Services

2016 – 2018

- Customer-facing and billable, with a proven track record of implementation success
- Known for high-quality deliverables, efficiency, and teamwork, frequently requested by name for project assignments

STEPHANIE SHAW

PROFESSIONAL EXPERIENCE (continued)

SWS Consulting, LLC | Portsmouth, NH

2015 – 2016

SWS Consulting's sole purpose was to allow me to perform as a truly independent Salesforce consultant. I worked on a contract basis.

Independent Salesforce Consultant - Performed in a variety of roles, including solution architect, consultant, trainer, admin, and analyst

MMIS, Inc | Portsmouth, NH

2013 – 2015

MMIS is a rapidly growing, VC backed, tech start-up that provides leading SaaS compliance and business intelligence solutions for the Life Science industry.

Senior Technical Project Manager | Product Manager | Salesforce Architect

- Responsible as product manager (work with clients/stakeholders) & product owner (work with Scrum master and devs) for:
 - MediSpend® France – aggregate spend platform for *Loi Bertrand* compliance, the company's first global initiative
 - MediSpend® Validate –an online, standalone data ingestion validation tool for verification of government filing
- Within the first 90 days, led the urgent development of a new product, successfully launching it in less than six weeks. The product was lauded by MMIS executives, widely used by colleagues, requested by clients, and attracted new business

V2 Strategic Advisors | Portsmouth, NH

2012 – 2013

V2 is a boutique Salesforce consultancy firm specializing in highly customized deployments and rapid implementations.

Senior Technical Consultant

- Provided full project life-cycle of Salesforce.com consultation and services, including requirements gathering, solution design, system build, code development, reports and dashboards, and end-user training
- Within the first six months of hire, completed the successful launch/optimization of five Salesforce clients, and was recognized as fastest new-hire in company history to attain three Salesforce certifications (Admin, Dev, Sales Consultant)
- Supported 15 successful Salesforce implementations / optimizations within 1 year

RKM Research and Communications | Portsmouth, NH

2008 – 2013

RKM is a full-service market research firm providing meticulous data on marketplace position, and transforms that data into cogent recommendations & strategic insights.

Associate Analyst → Analyst → Senior Analyst

- Managed full project life-cycle from inception to completion, including research design, questionnaire development, in-depth interviews, survey programming, data analysis, QA, and graphic presentations, reports, and executive summaries
- Managed company's flagship accounts. Led research, data analysis, pattern recognition, and written analysis
